FRAUDS IN REGISTRATION.

Nine indictments have been returned in New York.

New York, Oct. 12.—The bitterness of the city political campaign was increased yesterday by the action of the grand jury in handing down nine indictments in connection with registration frauds and the alleged theft of the recent Independence league primaries by the Tammany hall organization. The Civic Alliance, which has succeeded the Independence league behind the candidacy of William R. Hearst for mayor, published charges yesterday that certain league assembly district leaders had received from \$200 to \$500 each for turning their district conventions over to Tammany hall.

Remen for Polar Arbitrator.

Washington, Oct. 12.—The National Geographic society in response to a proposal from the Peary Arctic club yesterday adopted a resolution agreeing to join the American Geographic society and the American Museum of Natural History in requesting Dr. Ira Remen, president of the National Academy of Sciences, to appoint a commission to examine a report on the Arctic records, observations and data of Commander Robert E. Peary and Dr. Frederick A. Cook.

LAST SUNDAY OF YUKON FAIR.

Six More Days; Attendance So Far of 3,555,520.

Seattle, Wash., Oct. 12.—Seattle celebrated the last Sunday of the Alaska-Yukon-Pacific exposition Sunday with an attendance of 30,213, bringing the total attendance since the fair opened up to 3,555,520. There remain six days before the close of the fair, and with Bryan day as the chief attraction of the week, exposition officials look to see the total attendance pass the 3,750,000 mark.

The prize awarded the most beautiful woman by the judges at the Alaska-Yukon-Pacific exposition at Seattle was not given to a white woman, a negro or an oriental, but to one of the red race, an Eskimo girl named Columbia, from the southern coast of Labrador. All the visitors to the fair were allowed to compete in the "beauty contest." All they had to do was to visit the exposition in their best bib and tucker, where they might be seen by the unknown judges mingling in the crowd. The prize was a valuable piece of Seattle property, a lot in the residential section. The deed to this property Columbia now exhibits with great pride and her mother never lets a friend go by until he or she has seen the document. Columbia's mother was one of the Eskimos brought from Labrador to be exhibited at the World's Columbian exposition in Chicago in 1893. Columbia was born soon after.

OLD SHIPS GO DOWN RIVER.

The Clermont and the Half Moon Go to New York.

Albany, N. Y., Oct. 12.—The steamer Clermont left yesterday for New York. A stop will be made at Old Springs today. The Half Moon, in tow of the old Norwich, is also on the way to New York.

BIG EXPRESS ROBBERY.

Highwayman Makes a Large Haul in Seattle.

Seattle, Wash., Oct. 12.—Blinding and gagging the night chief clerk and his assistant and carrying them to an occupied part of the building, a lone hold-up man robbed the office of the Great Northern Express company at the King street station early yesterday morning, securing several sacks of gold and silver and a large amount of paper money, the total amount running into the thousands.

Leavenworth, Kan., Oct. 12.—The case against the Cudahy Packing company for the violation of the internal revenue laws by failing to place stamps of proper denomination on packages of oleomargarine, came to an end in the federal court here yesterday by a compromise where the packing company was fined \$5,000 and agreed to pay a back stamp tax of \$92,777.50 and special tax of \$10,000 for agencies, making the total of \$97,777.50 to be paid by the packing company to the government. The Cudahy company was indicted by a federal grand jury in Topeka in April last on 605 counts. Samples of oleomargarine had been collected by the revenue department from every section of the United States. It was alleged that the packing company colored the oleomargarine, which should have subjected the company to a tax of ten cents a pound, and that it was disposed of as the uncolored product, on which the revenue is but a quarter of a cent per pound. The case agreed upon before Federal Judge Pollock is a "specific penalty in compromise of criminal liability." It also provided that the oleomargarine under seizure shall be released "upon being put in legal condition."

RATE TO MIDDLE-WEST LOWERED.

Commission Rules Against Railroad in Des Moines Case.

Seattle, Oct. 12.—Chairman Martin A. Knapp Sunday announced a decision of the Interstate commerce commission in the suit brought by Greater Des Moines against the Chicago, Rock Island & Pacific railroad and other lines. The commission denied a petition of the railroad for a rehearing and ordered the reduction of rates from the Atlantic seaboard to Des Moines to go into effect.

A GLOOMY OUTLOOK.

If King Alfonso Ratifies Death Sentence of Prof. Ferrer He Will Die.

Paris, Oct. 12.—There has been a marked increase this autumn in the membership of the Spanish colony in Paris and according to a leading house agent, there have been an unprecedented number of apartments rented by Spaniards.

A prominent Spanish politician in an interview with a newspaper correspondent today, attributed this noticeable increase in the Spanish population of Paris to the unsettled political conditions in Spain. "There are two men in Spain at the present moment," said this politician, "whose lives are in danger, King Alfonso and Prof. Ferrer, the alleged instigator of the recent riots at Barcelona, who has been on trial by court martial and who is reported to have been found guilty of treason. If Ferrer is executed the King will die within two months. Ferrer is a hero, King Alfonso is a demigod and is beloved by his subjects, but if he ratifies Ferrer's death sentence, he will be a doomed man."

BALLINGER'S VIEW.

Issues Statement Regarding Phosphate and Coal Lands.

San Francisco, Oct. 12.—Secretary of the Interior Ballinger gave out the following statement here yesterday: "The disposition of the phosphate lands of the Rocky mountain states presents emergencies calling for legislation. All the known areas of phosphate lands in the public domain are now under temporary reservation awaiting congressional action. Common prudence demands that this fertilizer be disposed of with such restrictions as will require its domestic use, so far as possible, in the removal of the fertility of the American farm, rather than permit of its exportation."

MOORS ATTACK AGAIN.

They Are Beaten Off Easily, However, by Spaniards.

Melilla, Oct. 12.—The Moors returned to the attack of the Spanish forces near Nador Sunday, but were beaten off by artillery. The Spaniards have recommenced work on the railway to the mines, employing 300 Europeans and 500 Moors. The latter eagerly sought work to escape starvation. The Nador barracks have been surrendered. They say the war has ruined them, and that they are starving. They confirm the reports that the Moors suffered heavy losses in the fighting on Sept. 30. The Moors killed ninety of their wounded whom they believed to be incurable. The Kabyles who have surrendered state that 4,000 Moors have been killed during the war.

NEW RULES FOR BISHOPS.

The Regulations Made Public at the Vatican.

Rome, Oct. 12.—New rules affecting the bishops throughout the world were made known at the Vatican yesterday. These prescribe that the bishops shall be allowed two years following their appointment in which to arrange the canonical visitations in their dioceses. Five years after that interval may satisfy the obligation of visiting the pope, such visits to be repeated once in every five years.

TO STARVE OUT "WILLIE BOY."

Indian Murderer Is Intrenched on Bullion Mountains—Settlers Are Alarmed.

San Bernardino, Cal., Oct. 12.—After making extensive preparations for an attack on "Willie Boy," the Pinto Indian who killed his sweetheart in the desert, Sheriff Ralphs started out again yesterday on the long trail. Two previous expeditions have failed. Ralphs' posse will be joined in the desert by another band commanded by Sheriff Wilson of Riverside county. The plan is to lay siege to the desperado in the granite fastnesses of Bullion

Anty Drudge on Teaching 'Rithmetic.

Teacher (in arithmetic class).—"Now, Mary, if your mother spent two hours boiling the clothes, three hours in rubbing them, and an hour to hang them out, how many hours would that be altogether?"

Little Mary—"Yes, but my mama doesn't boil the clothes. She washes them with Fels-Naptha in cool or lukewarm water, and she doesn't have to rub them hard, either."

Anty Drudge—"You'd better make the time shorter, Mistress Schoolteacher, when you give an addition question like that to a little girl whose mother knows the advantage of washing with Fels-Naptha."

Easy on the woman and easy on the clothes.

That's why progressive women are washing their clothes with Fels-Naptha in cool or lukewarm water, in summer or winter.

It's easy on the woman because it does away with fires for heating water, makes hard rubbing unnecessary and takes less than half the time of the old way of washing.

It's easy on the clothes because there is no boiling to make the clothes tender, and no hard rubbing to wear them into holes before their time.

Save yourself; save your clothes—use Fels-Naptha.

Costs little money for a big cake, and lasts longer than ordinary soaps.

In using it follow directions printed on the red and green wrapper.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering, obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Adviser, in Plain English; or, Medicine Simplified, 1008 pages, over 700 illustrations, newly revised up-to-date Edition, paper-bound, sent for 21 one-cent stamps, to cover cost of mailing only. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

Ask your doctor all about Ayer's Sarsaparilla. Entirely free from alcohol. A strong tonic and alterative.

Ayer's Sarsaparilla is a tonic. It does not stimulate. It does not make you feel better one day, then as bad as ever the next. There is not a drop of alcohol in it. You have the steady, even gain that comes from a strong tonic. Ask your doctor all about this.
